

BIGGER AND BETTER

Cocoon Childcare is expanding in Ireland. With seven centres open already in Artane, Blessington, Kimmage, Naas, Rathfarnham, Sallins and Tallaght, the childcare specialists plan to open several new centres throughout 2007. The first will be in Newcastle, Co Dublin in April, serving Newcastle, Rathcoole and Clondalkin. The creche will have places for babies, wobblers, toddlers and pre-school children aged three months to five years on a part and full-time basis.

Cocoon provides purpose-built childcare facilities with large colourful rooms, safety-conscious surroundings and large AstroTurf play areas. Parents can use the "WatchMe" Live! service to keep an eye on their little ones at any time of day through the Cocoon website. The site is password-protected so that only Cocoon customers have access to the live feed.
